Our goal is to help members of the Silver Maples community stay creative, connected, and engaged with friends, family, and the greater community. We encourage you to enjoy your new home, your new neighbors, and your new community.

Silver Maples is your home, and your satisfaction is our primary concern. You have many new experiences awaiting you as a resident here . . . new friends, new interests, and yet, you are encouraged to enjoy long-term hobbies, activities and friends you have enjoyed in your past. You are encouraged and welcome to be involved as you wish!

We offer a wide variety of activities and events from which to choose from; all designed to meet the creative, spiritual, intellectual, social, physical and vocational needs based upon the desires and interests of our community.

As you settle in, please know that all of our departments – Programming, Housekeeping, Maintenance, Grounds, Culinary Services, Administration, and Assisted Living – are here to help. We're just a phone call away.

This Resident Handbook will help guide you through the numerous amenities, services and community policies of Silver Maples of Chelsea. Please take time to review it so that you may become familiar with your new home and our services. We will provide updates to this reference guide from time to time as activities, events or policies change.

Again, welcome!! Please don't hesitate to call on any of us with any questions and concerns and suggestions you may have.

Sincerely,

Julie Deppner

Executive Director and CEO

THE SILVER MAPLES OF CHELSEA ORGANIZATION

So that you may know how the various departments at Silver Maples of Chelsea fit together, it may be helpful to give you a brief explanation of our organization. Silver Maples of Chelsea is divided into the following departments and functions:

Activities Services / Programming and Wellness

Residents are welcome to participate in any number of events and programs organized and directed by our Programming and Wellness staff. These events include many social, educational, physical, cultural, arts & crafts, wellness, recreational and spiritual activities. Our Director of Programming and Wellness evaluates the interests and desires of the residents and customizes the activities program to create entertaining, interesting and stimulating activities for Silver Maples of Chelsea residents. All activities are optional and some may be at a nominal additional charge. The Programming and Wellness staff also coordinates transportation services.

To keep you informed of upcoming community activities, a monthly calendar and a bi-weekly newsletter is distributed. You will also find these calendars posted on the message board in the Mail Center within The Maples apartments and The Meadows.

Administrative Services

Administrative Services is headed by the Executive Director/CEO, who has full responsibility and authority over all departments and staff at Silver Maples of Chelsea. In addition to the Executive Director/CEO, Administrative Services is staffed by the Directors of each department, including Human Resources, Sales and Marketing, Culinary Services, Operations/Facilities, Programming and Wellness, and The Meadows (Assisted Living). These individuals direct day-to-day operations and, in general, manage the business of the community. Administrative Services also coordinates Accounting including payroll, accounts receivable and accounts payable. Administrative Services is open Monday through Friday from 8:00 a.m. to 5:00 p.m.

Assisted Living Services at The Meadows

Residents of The Villas or The Maples have priority access to The Meadows, our Assisted Living residence. Under the leadership of the Director of Assisted Living, employees provide 24-hour assistance and support to residents who require aid with activities of daily living (such as assistance with bathing, dressing, and grooming), **excluding extensive or continuous nursing care**. Caregivers at The Meadows, known as Resident Care Associates or RCAs, are available to provide services in concert with the resident's service plan and tier level or assistance with Activities of Daily Living for support like assistance with bathing, dressing, and medication supervision and administration. The Meadows will also help the resident in scheduling personal needs as requested by the resident, such as medical appointments and meetings with financial or legal advisors. The resident is responsible for all licensed health care professional charges and the cost of any medicines, drugs, special nurses, private duty care, dental care, therapeutic services, eye glasses, incontinence products, hearing aids, wheel chairs and other ancillary items that may be needed.

The philosophy of The Meadows is to assist residents to retain their dignity in being as independent as possible for as long as possible while supporting aging with choice.

Culinary Services (Dining)

Full meal service is available in the dining rooms of Silver Maples of Chelsea. The Director of Culinary Services and dining room personnel also make every effort to accommodate those residents who desire meals for special events or require the preparation of special diets. The Culinary Services Department also maintains the Courtyard Café for casual dining seven (7) days per week for breakfast and lunch.

Environmental Services

Maintenance Services are under the direction of the Director of Facility Operations. The Maintenance staff is responsible for the repair and upkeep of the exterior and interior of the community, as well as the community grounds and landscaping. Work orders submitted by our residents for corrective maintenance services are a priority of our staff in addition to various preventative maintenance activities and projects that are performed on a periodic, scheduled basis. Work orders can be submitted online through the WorxHub program. You were given a user name and password when you moved in. The Maples receptionist can assist with putting in a work order as well.

The Grounds contractor under the direction of the Director of Facility Operations, is responsible for maintaining outdoor lawn care, landscaping and snow removal, and environmental safety. Concerns or safety risks identified will assume top priority and receive corrective action.

Housekeepers, under the direction of the Director of Facility Operations, ensure that all apartments and commons areas are clean and free of litter. Residents of Silver Maples of Chelsea who reside in The Maples apartments receive housekeeping services for their home on a twice monthly basis as part of their monthly service fee. Housekeeping for Villa residents is available for an additional fee. A team of housekeepers, under the direction of the Director of Facility Operations, ensures that all residences and common areas are clean and orderly.

Marketing and Sales

The Marketing and Sales Department is responsible for promoting the community, and coordinating residency at Silver Maples of Chelsea. Please refer any inquiries you may receive to The Director of Marketing and Sales or the Senior Sales Counselor.

Social Work Services

Silver Maples of Chelsea employs a professional Director of Social Services to assist residents and families with any transitional and/or health related issues, concerns and recommendations for improving resident's general well-being and identification of community service & support.

Transportation Services

Regularly scheduled transportation is provided to the residents of Silver Maples of Chelsea via the community's vehicles. Service may be available for other local (Chelsea area) personal trips to medical centers, banks and businesses. Please contact the transportation department to set up an appointment; 24-hour notice is appreciated, and service is **subject to availability**. The cost of scheduled transportation within our service area is included in your monthly service fees. A list of alternate transportation options is available at the reception desk for transportation services outside our service area (ie/ airport).

TRANSPORTATION OFFSITE FOR EMERGENT OR URGENT CARE SERVICES SUCH AS TO HOSPITAL OR URGENT CARE CENTER

If a resident incurs an injury or illness episode of a significant life threatening nature or one that in our judgment appears to need immediate medical attention, The Meadows staff will notify the resident's emergency medical contact and the staff will call the emergency medical services (EMS or 911) for emergency medical attention and transportation to an off-site emergency or urgent care facility.

However, if the injury or illness requiring immediate medical attention occurs within a resident's apartment or is otherwise unknown to staff, the resident is responsible for calling 911.

Once treatment is rendered off-site and the resident is ready to be returned to Silver Maples of Chelsea, it is the responsibility of the resident's family or legal guardian to coordinate return transportation to Silver Maples. If the return can be handled during the normal Monday through Friday working hours of Silver Maples transportation driver, Silver Maples will exercise its best efforts to transport the resident back to Silver Maples. Otherwise, it is the resident's responsibility to coordinate return transportation.

24-HOUR CALL SYSTEM AND PROCEDURES

FOR NON-HEALTH AND NON-LIFE THREATENING CONCERNS:

In the event of a health or life-threatening emergency, Call 9-1-1.

Residents of Silver Maples of Chelsea enjoy peace-of-mind knowing that their home and community is secure. Silver Maples of Chelsea's on-site staff are available for emergencies to provide basic first aid until emergency help arrives. This is provided on a twenty-four (24) hour basis both in The Maples and The Meadows (Assisted Living). All apartments are equipped with a 24 hour call system which is monitored 24 hours a day by our Meadows staff. Your cooperation with the following procedures will greatly increase our effectiveness.

Procedures for use:

1. **In the event of a health or life threatening emergency, Call 9-1-1 immediately.**
2. In the event of a non-health and non-life threatening concern, push the button on your pendant or bathroom wall. Personnel will respond as soon as they are available.
3. Personnel will assess your situation and summon aid as needed.
4. If the person on duty feels that an ambulance is needed, they will summon one.
5. All residents are encouraged to complete a "Medical Information Form" and store it on their refrigerator for use during medical emergencies. This form is provided during your initial paperwork, but if for some reason you have changes or would like another copy, please see the reception desk or your physician to obtain one. This form should be updated anytime you change doctors or your medication needs change. You may also wish to include DNR paperwork as well.

Villa residents are provided emergency neck pendants and buttons on the bathroom walls which are responded to by an outside organization. In addition to the emergency pendants, homes are equipped with CO2 detectors, smoke detectors, door alarms, motion sensors, water alerts, and low temperature sensors that are all tied to a control panel in the entry way of the home.

ABSENCE BY THE RESIDENT:

If you leave the community overnight, we request that you notify the reception desk at The Maples. This information will prove helpful in the event of an emergency requiring evacuation, and will be useful if someone wants to reach you while you are away.

ACCESS TO YOUR HOME:

You control access to your home; however, it is also necessary for you to allow access into your home at reasonable times for pest control, housekeeping and maintenance and at any time in case of emergency.

In your absence, the community may be required to admit service personnel to your home. An appropriate staff person will accompany any non-staff personnel who must enter your home while you are away. All such entries are approved only by Administrative Services and/or Operations. Anytime entry has been made to your home in your absence, a written, signed report of the entry will be left in your home.

To assist in maintaining the highest level of access control, please obtain an *Access Authorization* form from the Marketing and Sales Department to list those people authorized to enter your home while you are absent, in the event of illness and/or transfer to the health care center or hospital, or in the event of death. This form is filled out during your initial paperwork, but if for some reason you have changes or would like another copy, please see the Marketing and Sales Department to obtain one. Without this prior permission, no one, including family, will be allowed access to your home unless they have your legal power of attorney or other legal authorization.

ACTIVITIES / PROGRAMMING AND WELLNESS:

Residents are welcome to participate in any number of events and programs organized and directed by our Programming and Wellness staff. These events include many social, educational, cultural, arts & crafts, physical, wellness, recreational and spiritual activities. Our Director of Programming and Wellness evaluates the interests and desires of the residents and customizes the activities program to create entertaining, interesting and stimulating activities for Silver Maples of Chelsea residents. All activities are optional and some may be at a nominal additional charge. Tickets & admission fees for theatre shows & museums, for example, will be billed to your account. The Programming and Wellness staff also coordinates transportation services.

To keep you informed of upcoming community activities, a monthly calendar and a bi-weekly newsletter are distributed. You will also find these calendars posted on the message board in the mail center within The Maples, they are also available on our website.

Assistive devices for ambulation such as canes, quad canes, walkers, motorized carts and wheelchairs are acceptable for use by our residents as prescribed by your licensed Health Care Physician or upon recommendation of PT or OT. All ambulatory aids must be stored in the resident's apartment when not in use.

In light of legitimate safety concerns and the likelihood and seriousness of injury in the event of an emergency, it is recommended that every resident be able to evacuate in a safe manner from the building.

AUTOMOBILES -- REGISTRATION:

Part of the peace of mind we offer you as a resident extends to your automobile. In order to enhance our effectiveness and security, we ask that you complete an *Automobile Registration Form* for Administrative Services which contains the following information: your automobile's make, year, color, and license plate

number. This form is filled out during your initial paperwork, but if for some reason you have changes or would like another copy, please see the Marketing and Sales Department to obtain one.

Monthly service fees may be adjusted periodically. Residents will be notified at least 60 days prior to any changes.

CABLE TELEVISION SERVICE:

Basic cable television wiring is provided in your home or apartment. Residents are responsible for contacting the cable company for cable hookup, disconnect, or change in cable services and payment of monthly service fees.

ELECTRIC VEHICLE CHARGING STATION:

There are (2) EV car charging stations located on the south side of the Maples parking lot. These care charging stations are available at no charge to Silver Maples residents, their families, and the staff. When using the charging station, please follow the following etiquette guidelines:

- **Don't Monopolize the Charging Stations** - The charging stations are shared amenities; monopolizing the stations is discourteous to others. Only use the charging stations when your car needs to be charged. After your car is fully charged, move your vehicle to let others use the station. Avoid leaving your car at the charging station after fully charged as this will delay other(s) who also need to use the station. **The EV charging stations parking spots are not long-term parking options.**
- **Be Considerate** – Prioritize your charging needs and only use the station when necessary. If you are making small or local trips your car does not need to be charged after every use.
- **Track Your Progress** - Smartphone apps are a great means of tracking your real-time charging progress. You can use the apps designed by automakers for their specific EV models. With a tap or two on your smartphone screen, you can find out if your electric car is ready to roll or if additional recharge time is needed.
- **Consider Not Topping Off** - Did you know the closer your EV's battery gets to a 100% charge, the slower it takes to gain those last few bars or percentage points of energy? This applies to all charging levels, including Level 3 DC fast chargers. Unless you truly need every ounce of driving range available in your vehicle, consider unplugging your electric vehicle when it has an acceptable charge level for your immediate driving needs.
- **Never Unplug a Neighbor** - One vital piece of electric car etiquette: Resist unplugging another vehicle. Would you walk up to someone in the middle of refueling with gasoline and take the nozzle away because you're in a hurry? No matter how tempting, never unplug a vehicle, even when its owner abuses a charging point.
- **Emergencies Only** - If, for some reason, your electric car gets desperately low on battery and there's nowhere to turn, leave a friendly note explaining the situation should you absolutely need to unplug another vehicle and can't explain it in person. No one likes to get unplugged, but emergencies happen.

ELEVATORS:

The elevators have been installed with many safety devices to ensure their dependability. However, in the unlikely event of an elevator malfunction, a telephone located within the control panel will connect you with emergency response staff. Also, please adhere to all restrictions regarding elevator use during fire drills or emergency training sessions, etc. In case of a fire, elevators are inoperable; the stairways are located on each end of the wing.

EMPLOYEE RELATIONS:

We expect the staff of Silver Maples of Chelsea to be courteous and helpful at all times. If this is not the case, please direct any concerns to the Executive Director/CEO.

EXPLOSIVES AND HIGHLY FLAMMABLE MATERIALS:

To ensure a safe community, no explosives or highly flammable materials such as kerosene or paint stripper may be brought into any area of the community.

FACSIMILES:

Facsimile transmissions may be sent and received by residents and their guests free of charge. Please contact the reception desk for this service.

FIREARMS AND WEAPONS:

It is the policy of Silver Maples of Chelsea that the safety of all persons living, working and visiting at Silver Maples of Chelsea is best preserved if no weapons such as guns (whether rifle handgun or shotgun), hunting knives, long bows or crossbows be permitted on campus. If you are a resident, please make arrangements immediately for the off-site storage of your hunting or personal firearms, bows, hunting knives, and other such weapons that hold the possibility to cause bodily harm or death to human or otherwise. Failure to comply with this policy is cause for immediate termination of resident's lease, disclosure document, and/or service contract with Silver Maples of Chelsea.

FIRE SAFETY:

Silver Maples of Chelsea apartment buildings and common areas are equipped with sprinklers, smoke alarms and a fire alarm system. In the event of a fire, please do not use the elevators. Emergency exits and stairwells are located at the end of each hallway. Please note the nearest exit to your apartment. In order to comply with local fire ordinances, we will routinely hold fire drills for the safety of residents and staff.

Damaged extension cords can cause fires which is why extension cords are prohibited; power strips (surge protectors) are an acceptable alternative. Space heaters are also strictly prohibited.

For more information, please refer to the complete Fire Safety Handbook located in Appendix A.

GARDENING:

Designated gardening areas are available for those residents with a green thumb. Raised bed garden boxes are provided in the courtyard near the back of the property and can be reserved by residents. Please see the Director of Programming and Wellness for further information. You may also have potted plants on your patio as long as the pots remain within the footprint of your patio.

GUESTS:

Guests are welcome in the community, however, residents are expected to take responsibility for their guests and accompany them in common areas. This is especially important regarding youthful visitors as they must be supervised to ensure there will be no behavior disruptive of other residents. Overnight guests are welcome to visit for up to two weeks continuous stay and may stay in your home at no charge as long as you are present. Please register your overnight guests at the reception desk and sign them out upon departure.

Except for short-term guests, no person other than you or a co-resident, if any, may reside in your home without the prior approval of Silver Maples of Chelsea.

HEALTH SERVICES:

All residents of the community should retain their own personal licensed healthcare professional. The community is not financially responsible for your personal medical services or other healthcare services.

HOUSEKEEPING SERVICES:

During your new resident orientation, a *Villa/Apartment Entry Waiver* was signed that gives our housekeeping staff permission to entry your home for scheduled housekeeping. Housekeeping services are provided on a bi-weekly basis if you reside in the Maples. If you reside in the Villas you can arrange services for an additional hourly fee. Once you move in, the Housekeeping Supervisor or designee will arrange a meeting to inform you of the day/time your home has been scheduled to be cleaned.

The cooperation of each resident is essential to run a smooth cleaning schedule. You have the option of being present or leaving your home unattended while our staff is in cleaning. If you prefer to be present on cleaning day, every attempt will be made to accommodate you; however, if you cannot be home on your scheduled cleaning day, you may make arrangements for the housekeeper to clean on an alternate day. Please contact the receptionist or speak to your regular housekeeper to make these arrangements. If you are not home on your scheduled day a note will be left in your apartment to confirm that housekeeping services were performed in your absence. Residents with particular problems should contact the Director of Operations.

Housekeeping services offered include changing linens, vacuuming carpets, mopping the bathroom and kitchen floors, wiping exposed kitchen surfaces such as refrigerator, range, oven, cabinets and sinks, dusting flat, cleared surfaces and light fixtures, and general cleaning of the bathroom areas including the sinks, tubs, showers, toilets and mirrors. Window washing will be done annually inside and out. Periodically, heavy furniture will be moved for vacuuming, and mattresses will be turned.

When a scheduled cleaning day falls on a recognized holiday, you will be notified one week in advance as to your scheduled day for that week. Additional deep cleaning housekeeping services may be obtained for an hourly fee.

INSURANCE (PROPERTY AND LIABILITY):

The community carries insurance on its own property and liability insurance for accidents which occur in common areas. Silver Maples of Chelsea, however, is not responsible for the loss of any personal property belonging to you due to theft, fire or any other cause.

You are also responsible for any costs incurred in replacing or repairing any loss or damage to the real or personal property of Silver Maples of Chelsea caused by the negligence or willful misconduct of you, your guests, agents, employees or pets.

You also indemnify Silver Maples of Chelsea and hold it harmless for any injury to other residents, employees, or any third person which arises from your negligent or intentional action. You are **STRONGLY ENCOURAGED** to obtain property and liability insurance to protect against such losses. All such insurance should be arranged with the agent of your choice at your own expense.

INTRA-COMMUNITY MOVES:

A resident may elect to move to another apartment/villa within the community, subject to availability. If you desire a move to a different style apartment/villa, please contact the Marketing and Sales department to be added to the internal wait list. When apartments/villas become available, the Marketing and Sales department reference the internal and external wait list to fill these vacancies. If you are not on the internal wait list you will not be considered for a vacant apartment/villa until everyone on the wait list has been contacted first. In the event of a move, a new lease agreement will be executed. Contact the Marketing and Sales department to discuss availability and options available, including financial implications you will need to consider. Additional information is also provided in section 2.5 of the Resident Lease Agreement.

KEYS:

You will be issued a key FOB which automatically opens your apartment door and select exterior doors. You will also receive a separate key for your storage closet/cage, and your mailbox. **Keys must not be duplicated.** Additional keys and/or key FOB may be made for family members; a \$5.00 fee will be charged per key and a \$25.00 fee for each FOB. Requests can be made through the Maples receptionist, and will be billed to the residing resident on their monthly service bill. It is recommended that keys be kept on an unmarked ring or case. Keys should not be given to friends, relatives or outside service personnel. In the event that a key FOB is misplaced, a \$25.00 fee will be charged.

After hours, visitors may enter the building by calling a resident's apartment through the keyless entry system located in the vestibules at both The Maples and The Meadows entrances. An alphabetical listing of residents can be found near each security panel; this listing also provides a random 3-digit code for each resident. To gain entry, visitors simply need to enter the 3-digit code of the resident they are visiting; the system will dial the resident on their phone.

When a visitor calls your apartment and identifies themselves to your satisfaction, **press the "9" on your phone** to unlock the door and let them in. The door will remain unlocked for 8-10 seconds. **When the doors are locked, you may exit The Maples and The Meadows main entrances by walking up to the doors – they will open automatically.** You will not, however, be able to re-enter after the doors close without using the keyless entry system or your key FOB. Additionally, your guests can dial "000" on the keypad to be connected with staff in The Meadows who can also open the doors remotely.

DISASTER OTHER THAN FIRE

Destructive weather will typically be the major cause of disaster other than a fire occurring at the community. Silver Maples personnel will normally receive advance warning of such weather patterns and will take appropriate steps to advise you of any weather conditions.

SEVERE WEATHER – TORNADO (WATCH AND WARNING)

1. **Tornado Watch** means that conditions are favorable for a tornado or severe weather. When residents notice dark and cloudy skies with unusual windy conditions, they are asked to turn on their television and/or radio. The National Weather Service will inform you of a Tornado Watch, Tornado Warning and/or Severe Weather. Residents may also call the reception desk and/or shift supervisor if a television or radio is not available.
2. **Tornado Warning** means that a tornado or severe weather has been sighted in the area. When the National Weather Service announces a Tornado Warning, residents should respond to this warning immediately. Residents are encouraged to go to the corridors or exit stairwells when possible. Please keep away from all windows and **DO NOT USE ELEVATORS**. Staff employees will notify residents in the corridors when the warning has been canceled.

PREPARING FOR HIGH WINDS: TORNADOS, THUNDERSTORMS

1. Staff will secure all objects outside the building to prevent them from becoming harmful as flying objects. This includes patio furniture, benches, hoses, and waste objects.
2. Close your draperies; take shelter in a closet, bathroom or any area in your apartment without windows.
3. If you are in the common areas, seek shelter in an enclosed area away from glass, such as a stairwell or bathroom.
4. Avoid windows, doors, outside walls and areas with a large expanse of roof such as the Dining Room.
5. Stay tuned to weather reports to find out when the danger has passed.
6. Preparations will be made if water loss is experienced.
7. The Food Services Department maintains an emergency supply of food and beverages for you in the event food cannot be delivered.

POWER FAILURE

Silver Maples is equipped with an emergency generator that automatically activates when there is loss of electrical power. Emergency lights in hallways, stairwells and exit signs are also installed.

In case of loss of all power in wintertime, residents should remain in their unit. Extended periods of power outage in cold weather will require evacuation to a place where residents can stay warm.

We suggest that you maintain a flashlight and spare batteries for a power failure.

Your emergency call system will continue to function in case of a power failure.

SNOW EMERGENCIES

Please do not attempt to leave the community until after the driveway and sidewalks have been cleared and salted.
